- Read the consent form or talk about each point in your own words.
- Ask if the person is willing to be interviewed. If they say no, then stop. If they have questions, explain further.
- Have the person sign and date the consent form. They keep one copy, and you keep one copy.
- Make sure that you have put the Interview ID number on the consent form and on this page.

## [A-1] Opening Questions

➤ First, I'd like to ask a couple of questions about you.

### [A-1-1] TIME ON LAND

➤ I'd like you to think back to how much time you've spent out on the land this past year, from April until the end of December. Did you ...

- only take day trips from town,
- take day trips with occasional overnights,
- were you on the land for a week or more at a time, or
- did you spend more than half of your time out of town on the land?

*[Check the one that fits the best, then write any notes or comments here]*

### [A-1-2] AREA FOR 2004

➤ Use the map to circle the area and mark the routes where you traveled on the land for subsistence activities from April until the end of December.

*[Label this "2004" on the map]*

*[Do not ask the next 2 questions if the person was interviewed last year or the year before]*

### [A-1-3] AREA FOR LIFETIME

➤ Use the map to draw a line around the area where you have traveled on the land for subsistence activities in your lifetime.

*[Label this "Lifetime" on the map]*

### [A-1-4] AGE

➤ What year were you born? \_\_\_\_\_

*[If this is a couple, put the year of the oldest person]*

## [A-2] Weather

### [A-2-1] SUMMER WEATHER

➤ Please describe what the weather was like this past summer

*[The comments can be either about summer in general or month by month, as long as it is clear]*

June

July

August

*[Go through this list with them only if necessary to prompt them for specifics. Don't go through the lists with someone who has already provided this – CHECK THE BOXES YOURSELF – note that if it is an average season, none of these boxes would be checked.]*

➤ Which of these conditions describe the weather this past summer?

*[if a description applies to one month, write the month beside it]*

- Drier than most years
- Wetter than most years
  
- Warmer than most years
- Colder than most years
- Unusually windy
- Unusually calm
  
- More storms than most years
- Fewer storms than most year

**[A-2-4] FREEZE-UP AND OVERFLOW**

➤ Where were you during freeze-up this year?

- in town
- out on the land

➤ How was the freeze-up of the lakes?

*[Either check these boxes yourself based on what they have told you, or ask them]*

**TIMING**

- earlier than in most other years,
- later than in most other years,
- or similar to most years?

**HOW IT FROZE UP**

- quick freeze-up,
- a slow freeze-up,
- or just an average year?

➤ How was the freeze-up of the rivers?

*[Either check these boxes yourself based on what they have told you, or ask them]*

**TIMING**

➤ How has the overflow been this year?

*[Either check these boxes yourself based on what they have told you, or ask them]*

- lots of overflow
- not much overflow
- or an average amount of overflow

**[A-2-5] PROBLEMS FROM WEATHER**

➤ Have the weather conditions this year created any problems for you getting out on the land?

no problems

*[if no problems go to next page]*

made it hard

made it easy

➤ In what way?

➤ How have problems getting out on the land affected your day-to-day life?

---

**[A-3] General Question About Change**

*[This question is where people have a chance to talk more generally about the most important things they observed on the land and in the community. This can be taped or not – if they don't want to use the tape recorder, write down as much as you can in their own words. Whether or not you use the tape recorder, do not skip this question – it is the most important one. ]*

➤ I would like to tape-record the next question. The tapes are just to help us take good notes. We will not play these tapes to anyone else without your permission.

➤ You can answer this question in your native language if you want.

*[For people who you think might be more comfortable speaking in their native language:]*

Taped

Written

If taped: make sure to tell the person you are turning the recorder on, then say into the recorder:

➤ This is interview number \_\_\_\_\_ for Aklavik, and the date is \_\_\_\_\_

➤ Please tell me about the changes you are seeing and how it is affecting your way of life.

Written answers go here and back of page

Further prompts you can use to help get started:

- Tell me about one or two things that you noticed when you were out on the land—things that you are noticing about the land, plants and animals.
- We are also interested in how these changes affected your life this year.

**Things to check for when taping**

**The Machine**

- “AVR” should be turned OFF
- Tape speed set to “normal”
- When the tape is recording, the red light shows the battery level – if it is getting dull, change the battery

**Background Noise**

- see if you can reduce it (such as turn the TV off, close a door)
- use your microphone if you think that the background noise is too loud

**The Tapes:**

- Use one side of one tape per person – this is 30 minutes
- Write the community name and the interview number on the tape

[When they are done, thank them and click off the tape recorder and remove it from the table]

## [A-4] Human Activities

➤ I'm going to read a list of human activities. I'd like you to tell me if each activity has been increasing or decreasing recently in this area. Please also give me your view as to how this activity is affecting the land or the animals, or hunting, fishing and trapping.

### [A-4-1] ACTIVITIES TABLE

*[If you mark a map ref # on the map, put a check mark below it in this table. If there is more than one map reference for a type of activity, use; -- . HA#1a, HA#1b. If it is easier, write the location instead]*

**[D-3-6] FALL BODY CONDITION**

➤ Compared to other fall hunts, were the caribou this fall:

- in good shape (had lots of rump fat)?
- in fair condition (some back fat, but less than one inch)?
- in poor/skinny shape (little or no rump fat or gut fat)?
- or was there a mix of some fat caribou and some skinny caribou?
- don't know

➤ Was there anything unusual to report about these animals' body condition this fall?

- No    Yes *[if yes, ask]*   →   ➤ Please explain.

## [D-4] Winter Caribou Observations (November 1 to now)

### [D-4-1] AVAILABILITY TO COMMUNITY-WINTER

➤ How available have caribou been to this community since the beginning of the rut?

- Close by and easily found       Not close, required lots of effort to get them  
 Not at all available

➤ If it was difficult for people in the community to get caribou, what made it hard?

### [D-4-2] HUNTING-WINTER

➤ Have you been caribou hunting or have you seen caribou this winter?

- Yes       No

➤ When there are caribou available, do you usually hunt for caribou in the winter?

- Yes       No

***[Do not ask any more questions in this section. Go to PAGE 11]***

➤ What was the main reason that you didn't go caribou hunting this winter?

- Caribou were too far away to try hunting them.  
 Weather or snow conditions were too bad for hunting.  
 Other reasons

**[D-4-6] WHAT AFFECTS WINTERING LOCATION**

➤ Did anything in particular affect where the caribou have been this winter?

Yes    No

*[Write notes here]*

➤ Which of the following affected where they have been since the beginning of the rut? *[Check **all** that apply]*

- snow conditions
- too much snow
- not much snow
- wind
- ice conditions
- other weather conditions *[ask for details]*
- poor feed areas
- good feed areas
- wolves or other predators
- human activity *[ask for details]*
- other *[ask for details]*

**[D-4-7] WINTER BODY CONDITION**

➤ Based on your harvest since the beginning of the rut, were the caribou:

- in good shape (had lots of rump fat)?
- in fair condition (some back fat, but less than one inch)?
- in poor/skinny shape (little or no rump fat or gut fat)?
- or was there a mix of some fat caribou and some skinny caribou?
- don't know

➤ Was there anything unusual to report about these animals' body condition from this winter, since the beginning of the rut?

No    Yes *[if yes, ask]*   ➔ ➤ Please explain.

## [D-5] General Questions about Caribou

### [D-5-1] HEALTH OF HERD

➤ Do you think the Porcupine Caribou Herd is healthy?  Yes  No

➤ Why not?

### [D-5-2] PREDATORS

➤ Have you seen any kills of caribou by predators this past year? (Such as bears, wolves, eagles, wolverines)? *[If yes]* ➤ Where?

Ref # on map	Type of predator	Number of caribou and other details
Kill #1	<input type="checkbox"/> Wolf <input type="checkbox"/> Bear <input type="checkbox"/> Wolverine <input type="checkbox"/> Other _____

## [D-6] Questions for People who Harvested Caribou

### [D-6-1] UNHEALTHY CARIBOU

➤ How many caribou did you harvest from last April until now? \_\_\_\_\_

➤ Of those caribou that you harvested, how many of them looked like they were sick or unhealthy? \_\_\_\_\_

*[If some were unhealthy]*

➤ Describe these unhealthy caribou and mark where you found them on the map, if possible.

Ref # on map	Number of animals	Month of year seen	Sex ( <i>circle</i> )	Age class ( <i>circle</i> )	What was wrong with them?
UC #1			male female	Adult Yearling Calf	
UC #2			male female	Adult Yearling Calf	
Not on Map			male female	Adult Yearling Calf	

## [E] Other Animals

### [E-1] UNUSUAL SIGHTINGS

➤ In this section we are going to go through a list of animals and I'll write down your observations. First I'd like to ask you if you saw any unusual animals this past year, including any unusual birds, fish or insects?

➤ Did you see any animals in places that you don't usually see them?

➤ Now I'm going to go through a list of animals. Please tell me if you've noticed anything that is changing or is unusual about these animals, or anything else that you think it is important to mention.

This could include your observations on things like

- numbers of the animals,
- or on where they were this year,
- or about diseases,
- or if these animals are having an effect on other animals.

Please use the map to show me where you saw specific things that you talk about.

*[Instructions for the Other Animals questions:*

*-If the person gives you a location on the map related to a comment, mark it on the map using the map code for that animal or the name of the animal. You can also just write down the location on this form, if this is easier.*

*-For birds, always write down what kind of bird they are commenting on (for example, are they talking about ducks in general, or just one type, like eiders or mallards?)]*

---

➤ First we'll talk about birds

### [E-2]

➤ Grouse and Ptarmigan

**[E-3]**

➤ Waterfowl - Ducks, Geese, Swans, and Cranes

Map Code: WF

Type of Duck, Geese, Swan or Crane	Location	Number seen	Observations
Ducks TYPE:		<input type="checkbox"/> More <input type="checkbox"/> About the same <input type="checkbox"/> fewer	
Geese TYPE:		<input type="checkbox"/> More <input type="checkbox"/> About the same <input type="checkbox"/> fewer

Cranes		<input type="checkbox"/> More <input type="checkbox"/> About the same <input type="checkbox"/> fewer	
		<input type="checkbox"/> More <input type="checkbox"/> About the same <input type="checkbox"/> fewer	

➤ Have you noticed any changes in migration for ducks, geese, swans or cranes? This could be things like changes in when they pass through an area, where they stop, or how long they stop for.

**[E-4]**

➤ Birds of prey (hawks, falcons, eagles, owls)

Map Code: BP

**[E-5]**

➤ Small Birds (ask name of bird or description)

Map Code: SO

**[E-6]**

➤ What were the mosquitoes like last summer?

- worse than other years
- about normal
- fewer bugs than usual

➤ Do you have any other comments on the insects this past summer?

---

➤ Now we'll move on to mammals, starting with the small ones

**[E-7]**

➤ Mice, Voles and Lemmings

**[E-8]**

➤ Ground Squirrels

**[E-9]**

➤ Rabbits

➤ Are there:  Lots around this year  
 Few, or  
 None

➤ Any observations about rabbits?

**[E-10]**

➤ Moose (Tuttuvak, Dinjik)

Map Code: MS

**[E-11]**

➤ Muskoxen (Umingmak)

➤ Did you see any muskoxen this year?

[If yes] ➤ Please show me on the map where they were

➤ Lynx (Niutuyiq; Niinjii)

**[E-18]**

➤ Bears (Aklaq, Akhak, Iggarlik, Nanuq; Shoh, Shih)

Map Code: BR

*[Make sure to note if they are commenting on Black Bear, Grizzly or Polar Bears]*

➤ Did you see any bears with cubs this year?

Map Code: CUB

*[Make sure to note if they are commenting on Black Bear, Grizzly or Polar Bears]*

*[If yes]* ➤ How many?

➤ Where?

**[E-19]**

➤ Wolves (Amaruq, Amaguq, Zhoh)

Map Code: WV

## [E-16] Furbearers and Trapping

➤ Did you do any trapping this year?

- Yes     No

➤ Was this a good year for trapping?

Good

➤ What made it good?

- price for fur  
 price of gas  
 weather- too cold  
 weather- warm  
 weather- made for easy access  
 lots of animals

Other:

Bad

➤ What made it bad?

- price for fur  
 price of gas  
 weather- cold  
 weather- too warm  
 weather- made for difficult access  
 few or hard to find animals

[Check **all** those that apply]

***[The next questions on this page are only for people who were out trapping this year]***

➤ Please tell me about each kind of animal that you trapped this year.

Do you have any observations about bowhead whales this year?

➤ Seals

Do you have any observations about seals this year?

## [F] Final Words

### [F-1] SUGGESTED IMPROVEMENTS

➤ We do this monitoring project every year and would like your input on how to make it better. What can we do to make this a better interview?

### [F-2] EVALUATION

Please evaluate the Arctic Borderlands Knowledge Coop community monitoring program:

*[Select one of these]*

- It is worthwhile and needs to be continued.
- The idea is good, but it needs some major changes. *[If they select this, please ask what changes]*
- It is okay, but is not really that necessary.
- It should be ended. *[If they select this, please get their reasons]*

*[Thank them for sharing their knowledge, give them their gas coupon, and have them sign the receipt]*
